

COMPLETE CAR WASH SUPPLIES FOR TEXAS OPERATIONS

BUILT FOR TEXAS CONDITIONS

- Complete Connection Hardware - Valves, adapters, tubing & sealing compounds
- Hydraulic Components - M3K, M2T & 100R17 hoses plus complete fitting selection
- Air & Pneumatic Solutions - Air hoses, push lock systems, FRL units for operations
- High-Pressure Systems - Powerwash hoses, handles, accessories & clamps up to 6,000 PSI

PROVEN PERFORMANCE IN TEXAS CAR WASHES

- ✓ Same-day shipping keeps you operational during breakdowns
- ✓ Expert technical support for proper component selection
- ✓ Custom assemblies built to your exact specifications
- ✓ Emergency service available for critical repairs

SAME-DAY SHIPPING ACROSS TEXAS

From Dallas, Cleburne, Pleasanton & Midland

4-STAR

CAR WASH ESSENTIALS

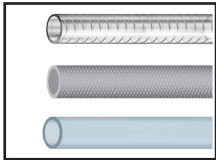

CLAMPS

- Worm gear, T-bolt & cushioned options available
- Stainless steel construction resists chemicals
- Available in all standard sizes

POWERWASH HOSES

- Chemical-resistant construction for cleaning solutions
- Wire braid reinforcement for durability
- Temperature rated for Texas heat conditions

TUBING

- Clear vinyl provides visual flow confirmation
- Poly tubing for all your dispensing systems
- Pressure-rated options for various applications

AIR HOSE

- Powers pneumatic tools and equipment
- Wire braid and textile reinforcement options
- Push lock quick-connect available

PUSH LOCK HOSE

- Tool-free installation saves time and labor
- No clamps required for quick connections
- Color-coded for easy system identification

M3K HYDRAULIC HOSE

- Powers hydraulic lift systems
- 3,000 PSI working pressure rating
- Compatible with petroleum-based fluids

M2T HYDRAULIC HOSE

- Heavy-duty, two-wire braid reinforcement for demanding applications
- Superior flexibility for tight installations
- High-temperature performance rating

100R17 HYDRAULIC HOSE

- Compact design saves installation space
- Spiral wire construction for strength
- Excellent kink resistance properties

BALL & CHECK VALVES

- Control water flow throughout your system
- Prevent backflow in critical applications
- Stainless steel and brass construction

FRL (FILTER, REGULATOR, LUBRICATOR)

- Complete air preparation for pneumatic systems
- Filters moisture and contaminants
- Automatic lubrication extends equipment life

CAR WASH ESSENTIALS

HYDRAULIC FITTINGS

- JIC, NPT & O-ring boss connections
- Forged steel and stainless steel construction
- Complete adapter selection available

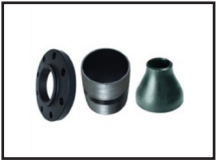

SWIVEL ADAPTERS

- 360° rotation prevents hose binding
- Reduces operator fatigue during use
- Extends hose life by eliminating twist

BRASS FITTINGS

- Corrosion-resistant threaded connections
- Compression fittings for tubing systems
- Barb fittings for flexible hose connections

PIPE FITTINGS

- Black, galvanized & stainless steel options
- Schedule 40 and Schedule 80 construction
- Chemical resistance for cleaning applications

POLY PUSH FITTINGS

- Tool-free installation and removal
- Quick disconnects simplify maintenance
- Available in metric and inch sizes

POWERWASH HANDLES

- Ergonomic design reduces operator fatigue
- Adjustable pressure and flow control
- Quick-connect fittings for easy service

POWERWASH ACCESSORIES

- Complete spray wands and nozzle systems
- Hose reels for organized storage
- Rotation assemblies for thorough cleaning

PIPE DOPE & TEFLON TAPE

- Reliable thread sealing solutions
- Chemical-resistant formulations available
- High-temperature compounds for hot applications

FLEXIBLE COIL HOSE

- Self-retracting coil design saves space and prevents tangling
- Available in air and water configurations for various applications
- Polyurethane construction resists kinks and abrasion

HYDRAULIC OIL

- Premium hydraulic fluid for lift and equipment systems
- Anti-wear additives extend equipment life and reduce maintenance
- Available in 5-gallon pails and 55-gallon drums

4-STAR HOSE LOCATIONS & CONTACT

Dallas (Headquarters)

10704 Composite Drive
Dallas, TX 75220
